Patient ID: 2021040025

Name: Mr. SAVANKUMAR B PATEL

Age: 19 Y

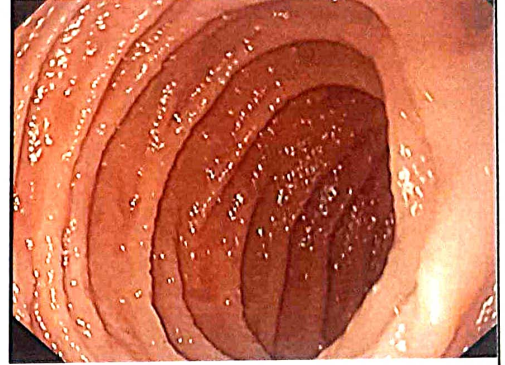

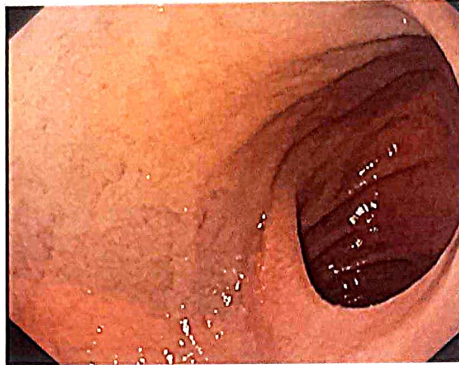

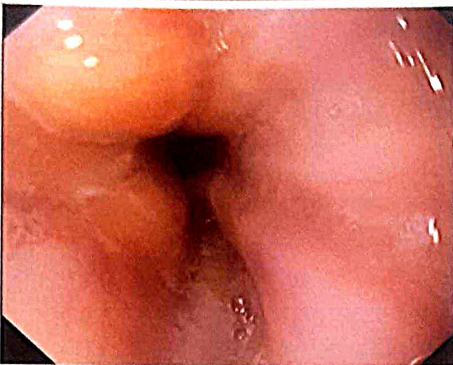

Sex: M

Date: 08-Apr-2021

Ref By: Dr. ITESH KHATWARI

Study: Upper GI Endoscopy

Examined By: Dr. SANDIP SHAH  
MD, DNB(GASTRO)

## Upper GI Scopy

**Indication:** IDA - Pelvis Mass, Adenoca

### **Findings:**

Cricopharynx and vocal cords appeared normal.  
Esophagus showed normal mucosa. LES appeared normal.  
Stomach showed normal mucosa.  
Proximal duodenum showed normal mucosa. No  
Ulcer/Deformity.

Biopsies sent from duodenum for HPE (In view of IDA)

**Impression:** Normal Mucosal Study.

**Advice:** Follow up with biopsies.
